Abdel Nasser Orou Sanou

BSc in Physics | Institute of Mathematics and Physical Sciences (IMSP)

Phone: +229 01 68 53 15 71 | **Email:** orousanouabdelnasser@gmail.com | **Portfolio** | **LinkedIn**

PROFILE

Holder of a Bachelor's degree in Physics with a strong interest in theoretical physics and its real-world applications. Motivated to deepen expertise at the intersection of electronics, quantum technologies, and aerospace engineering. Eager to pursue a master's degree that combines advanced physics concepts with hands-on research and innovation.

TECHNICAL SKILLS

LTspice | KiCad | MATLAB(Beginner) | Fortran(Beginner) | LaTex | C | Pandas | NumPy | Matplotlib | Datetime | GitHub

EDUCATION

BSc in Physics - Institute of Mathematics and Physical Sciences, University of Abomey-Calavi
Dangbo, Benin | October 2025 – July 2026 (*15.09/20*)

Preparatory classes for Mathematics, Physics and Engineering Sciences - Institute of Mathematics and Physical Sciences, University of Abomey-Calavi *(first year: 15.28/20 second year: 15.26/20)*
Dangbo, Benin | October 2023 –July 2025

AWARDS & DISTINCTIONS

- Awarded by the Ministry of Higher Education and Scientific Research of Benin for ranking first of the Alibori region in the Baccalaureate 2023.
- Certificate of Honor issued by Groupe Le Jour Des Premiers for graduating from Lower Secondary School as the top-ranked student in Alibori region.
- **First Prize — 11th Edition of the Physics, Chemistry and Technology Olympiad (Test ABPSP 2020)**
  Association of Physics, Chemistry and Technology Teachers of Benin

RELEVANT PROJECTS

- **Bachelor's Thesis:** "From Semiconductor Physics to Microprocessors: An Analysis of the Physical Limits of MOSFET Transistor Miniaturization and Its Alternatives"
- **Scientific English Presentation:** Led a team of five students to research and present on the topic Electronics.
- **Engineering Sciences Project:** Contributed to a group project using System Modeling Language (SysML) to model an Apple device (AirPods 3)

RELEVANT CERTIFICATIONS

- **Participant in General Quantum Mechanics Competition (GQMC 2026)**
  Quantum mechanics fundamentals, analytical reasoning, scientific literature analysis.

- Finalist of the International Astronomy and Astrophysics Competition (IAAC 2026)
  Problem-solving in astronomy and astrophysics, quantitative reasoning, scientific literature analysis.

- **Quantum Enigmas (IBM Skills Build)**
  Quantum superposition and entanglement, qubit measurement, quantum logic gates, quantum circuit design.

- **Introduction to Quantum Physics (Institut Polytechnique de Paris - France Université Numérique)**
  Wave function and Schrödinger equation, Dirac formalism, quantum measurement, Heisenberg uncertainty principle, introductory quantum problem-solving

- **Data Manipulation with pandas (DataCamp)**
  Creating, visualising, slicing, indexing, aggregating and transforming Dataframes

- **Intermediate Git & GitHub Concepts (DataCamp)**
  GitHub projects, administration, authentification , InnerSource program

- **Intermediate Python (DataCamp)**
  Matplotlib, Dictionaries & Pandas, Logic, Control Flow and Filtering

EXTRA-CURRICULAR ACTIVITIES

- **Programming Club (2024–2025):** Participated in coding workshops and collaborative projects, and gained experience in C programming, object-oriented programming (Python), and version control using Git and GitHub.

- **AI Club (2023–2024):** Engaged in hands-on sessions introducing basic electronics and AI applications. Worked with tools such as Arduino, Raspberry Pi, and ultrasonic sensors.

LANGUAGES

- **French:** Native
- **English:** B2 (TOEFL iBT: 80/120)
